

Tool Stores for Sale – Posted July 22, 2017

The Jonesport Wood company was established in 1970 and now operates five tool stores. Five is too many for an aging senior citizen. I would like to spin off The Liberty Tool Company and Banks Garage in Liberty Village and Captain Tinkham's on Route 1 in Searsport. Buy the package deal: Three for \$1 million, or Liberty Tool and Banks Garage for \$750,000—all with huge inventories. Stores include three tool buyers (Skip, John, and Tanner) and general manager Laure Day. Buyer may receive a 30% discount on incoming inventory at the Hulls Cove Tool Farm (nfs). Live where you work at Searsport (distant ocean view, two apartments, three storefronts), current price is \$300,000. E-mail Skip at curator@davistownmuseum.org or leave message at 1-888-405-2007.

We are also having a paintings and print sale—please inquire.
